Every system your school needs. One price. Yours forever.

Phase 5 is the complete platform — nothing held back. From the school's public website to HR management, full finance, and the bonus second website. Every feature built, every portal deployed, every module trained.

A comparable stack of SaaS tools — PowerSchool, QuickBooks, BambooHR, Turnitin, and a custom website — would cost $15,000 to $28,000 every year. Phase 5 is a one-time investment. You own it.
