THE RIGHTWAY CENTRE OF LEARNING — TRINIDAD & TOBAGO

FINANCE MODULE

Complete School Finance Suite

Full double-entry accounting, payroll processing, bank reconciliation, and export-ready financial statements — integrated directly into your school management system.

FINANCE MODULE INVESTMENT

USD $7,000

- Goodwill discount applied — Referred by **Prof. Elvis Cornerstone**

01 WHY THIS MODULE

Stop managing school finances in spreadsheets.

Most schools in Trinidad & Tobago track fees, payroll, and expenses across a patchwork of Excel files, WhatsApp messages, and handwritten ledgers. There's no audit trail, no real-time picture of cash flow, and no easy way to produce financial statements for the board or Ministry.

This module brings a complete double-entry accounting system into your school platform — the same accounting logic that powers corporate finance software, purpose-built for a school environment. Every fee collected, every salary processed, every expense recorded — in one place, with export-ready reports on demand.

Full Accounting

Chart of Accounts, General Ledger, Journal Entries, Trial Balance, Income Statement, Balance Sheet.

Payroll

Staff salary processing, deductions (tax, NIS, health surcharge), payslip generation and storage per pay period.

Bank Reconciliation

Match bank statements to recorded transactions. Spot discrepancies instantly. Full reconciliation audit trail.

02 WHAT'S INCLUDED

A complete finance engine — no external accounting tool needed.

Feature	Detail
Chart of Accounts	Custom account structure across assets, liabilities, equity, income, and expense categories
Journal Entries	Double-entry bookkeeping, journal posting, GL view with drill-down per account and date range
Financial Statements	Trial Balance, Income Statement (P&L), Balance Sheet — generated on demand, exportable as PDF
Bank Reconciliation	Statement import, transaction matching, unreconciled item alerts, reconciliation history
Learner Invoicing	Fee invoices per learner, payment tracking, outstanding balance reports, WiPay Caribbean integration
Payroll Module	Staff salary setup, deductions (income tax, NIS, health surcharge), payslip generation and staff portal access
Budget Management	Annual budget entry, budget vs. actual tracking per account and department, variance reports
Petty Cash	Petty cash float management, transaction recording, replenishment requests and approval workflow
PDF Reports	All financial statements and reports export to branded, print-ready PDF documents

Integration note: This module integrates with your LMS platform. Learner fee data, staff records, and payment history are shared across both systems automatically.

03 INVESTMENT

Full finance management for less than one year of QuickBooks + payroll subscriptions.
