THE RIGHTWAY CENTRE OF LEARNING — TRINIDAD & TOBAGO

HR MODULE

HR & Administration Management

Staff management, leave processing, CPD tracking, performance reviews, procurement, and inventory — a complete people and operations system integrated into your school platform.

HR MODULE INVESTMENT

USD $4,000

- Goodwill discount applied — Referred by **Prof. Elvis Cornerstone**

01 WHY THIS MODULE

Your staff deserve a system that works as hard as they do.

Without a dedicated HR system, leave requests travel by text message, CPD hours go untracked, procurement has no paper trail, and performance reviews are informal conversations with no record. When something goes wrong, there's no documentation. When something goes right, there's no way to recognise it formally.

This module brings a professional HR engine into your school platform — staff records, attendance, leave management, behaviour incidents, and administrative operations, all in one place with full audit trails and reporting.

People Management

Staff profiles, clock-in/out, leave requests, CPD tracking, performance reviews, and behaviour incident management with 4 severity levels.

Procurement & Inventory

Purchase orders, vendor management, multi-level approval workflow, asset registry, stock tracking, and requisition management.

Office & Reception

Visitor log, parent communication records, meeting scheduling, duty roster, and administrative compliance reporting.
