THE RIGHTWAY CENTRE OF LEARNING — TRINIDAD & TOBAGO

SPECIALIST MODULE

Medical, Boarding & Guesthouse Management

Purpose-built systems for schools with on-site medical facilities, boarding houses, and guesthouse accommodations — managed safely, compliantly, and digitally.

SPECIALIST MODULE INVESTMENT

USD $5,000

- Goodwill discount applied — Referred by **Prof. Elvis Cornerstone**

01 WHY THIS MODULE

Specialist operations need specialist systems.

If your school has a sick bay, boarding house, or guesthouse, you carry responsibilities that go beyond the typical school. Patient records must be accurate and accessible in an emergency. Boarding learners need structured check-in/out and leave management. Guesthouse rooms require booking, payment tracking, and guest communication.

Generic software isn't designed for these functions. This module provides purpose-built management tools for each of these specialist areas — integrated directly into your school platform so information flows where it's needed, when it's needed.

Medical / Sick Bay

Patient admissions, medical records, medication inventory, low-stock alerts, and emergency health info per learner — available to nursing staff at any time.

Boarding Management

Dorm assignments, learner check-in/out, boarding leave requests with approvals, incident reports, and dorm supervisor portal.

Guesthouse & Reception

Room bookings, payment tracking, expense management, inventory, parent communication logs, and procurement — all in one reception portal.

02 WHAT'S INCLUDED

Three specialist portals — Medical, Boarding, and Guesthouse.

Module	Features
Medical / Sick Bay	Patient admissions log, medical records per learner, visit history, treatment notes, medication inventory with low-stock alerts, emergency health information (blood type, allergies, conditions) accessible to nurse portal in one tap
Boarding Management	Dorm room assignments (capacity, gender, year group), learner check-in/out with timestamps, boarding leave request workflow with parent and housemaster approval, incident reports per learner, dorm supervisor portal with daily roll
Guesthouse	Room setup and availability calendar, booking management (date, guest details, purpose), payment tracking per booking, receipt generation
Reception Management	Expense management, supply inventory, procurement requisitions, parent and visitor communication log, guest communication records
Nurse Portal	Dedicated portal for nursing staff — patient admissions, record access, medication dispensing log, emergency alert system
Reporting	Monthly sick bay reports, boarding occupancy reports, guesthouse revenue reports — all exportable as PDF

Integration note: Medical records link directly to learner profiles in the LMS. Boarding leave requests integrate with the attendance system. Guesthouse payments flow into the Finance Suite.

03 INVESTMENT

Three specialist systems — one integrated module, one price.

MARKET RATE	GOODWILL SAVING	YOUR PRICE
~~$12,000~~	- $7,000	**$5,000**

*This discount is applied as a gesture of goodwill in recognition of the referral by **Prof. Elvis Cornerstone**. It is exclusive to The RightWay Centre of Learning and cannot be transferred.*
